***** IMPORTANT COMPLIANCE RECALL *****

This notice is sent to you in accordance with the requirements of the *Motor Vehicle Safety Act*. This is to inform you that your vehicle may be non-compliant with the requirements of the *Motor Vehicle Safety Regulations* and that the non-compliance could affect the safety of a person.

Ford Motor Company of Canada, Limited (Ford) has decided that your vehicle, with the VIN shown above may not conform to the requirements specified by Canada Motor Vehicle Safety Standard (CMVSS) 202 Head Restraints.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue?

On your vehicle, the supplemental owner's guide does not include an accurate description of all head restraints and instructions for adjusting or removing certain center head restraints.

What is the risk?

Customers do not have access to an accurate description of all head restraints and instructions for adjusting or removing certain center head restraints. Inability to access this information increases the risk of injury in the event of a crash.

What will Ford and your retailer do?

Ford has provided an addendum, with this letter, that includes an accurate description of all head restraints and describes how to adjust and remove the head restraints for certain center seating positions.

What should you do?

Please place the head restraint owner's manual addendum provided with this letter in your vehicle's glovebox with the supplemental owner's guide. You do not need to visit your dealer, but you have the option to take your vehicle to a Ford or Lincoln dealer for assistance with properly installing the mailed owner's manual addendum into your vehicle's glovebox, free of charge (parts and labour).

Ford has not issued instructions to stop driving your vehicle under this compliance recall.

If you do not already have a servicing retailer, you can access ford.ca for retailer addresses, maps, and driving instructions.

Please note: Any vehicle lessor receiving this recall notice should forward a copy of this notice to the lessee within 10 working days.
